

Subconscious by Jed Rabid

The subconscious EP is a mixture of different beat and bass genres. The theme is mostly dark and moody. The idea was to create something unique that can be listened to over and over again by the listener who always finds some new sounds or textures that weren't noticed before. The tracks are bass orientated and have catchy melodies on top of them.

// Track Listing

01. Revengenerator
02. Tie Me Down
