

ArnAck - The man of platform 13

The story of a man faced with loneliness, anxiety, nostalgia, joy and hesitation in a strange period of his life... It is time for him to ask the right questions. He suddenly realizes that he will die...
A journey that will lead him to reflect on his life.

This album is dedicated to Steph and Lili for their patience during this period. To Sabrina for its ability to support the ruthlessness of her man... In my lifelong friends and musical partner, Dio2xide.. Thank you Guy! To the Man of Platform 13 ...
