

intouch - Pride

You say: I am dummy

You say: I am lost

You say: I am ugly

You say: I am lust

Supernatural coming through my bones

Creeping in my soul

Dead eyes are glowing

I know it's your fault

I know it's you

Supernatural coming through my bones

Creeping in my soul

You say: I am godless

You say: I am blind

You say: I am useless

You say: I am running away

Supernatural coming through my bones

Creeping in my soul

Supernatural coming through my bones

Creeping in my soul
