Title: A Ltd. Lion Pup
By: Yop
Cat.#: esc.rec.20
Release date: May 7, 2008

Yop is a singer/songwriter from Rotterdam. Like some sort of home-made Brian Wilson variety he layers his songs, while at the same time stealing some tricks from the likes of Robert Pollard, Grandaddy, Kristin Hersh, Frank Black and Ray Davies.

This free download is an esc.rec. re-release of the 2006 original that was self-released by Yop, but holds a previously unreleased bonus track to top the cake.

This music is released with a Creative Commons BY-NC-SA license.
