

The Future by The X-Structure

The past, the present, the future, time itself a mystery. It is something that has amused and intrigued the human mind since the beginning of time. Yet we experience it without effort, our only requirement is just to be who we are. But still there is more, something else to just being. Something deep within us that tugs at our hearts and minds. Something unseen yet visible everywhere we look. Something more powerful and profound than the works of our own hands. The universe, the world, the body, the mind, signs of a Greater Architect, signs of a Greater Intent. The Great Purpose waiting to be fulfilled. The Future waiting to be revealed.

"We love because He first loved us." - 1 John 4:19

"The creation waits in eager expectation for the sons of God to be revealed." - Romans 8:19

"To ignite our passion in life we need to go back to our First Love. Our First Love is there where our dreams start." - Chacma

"Do not forget where you came from, for in it we can appreciate the present and look back at our dreams, and just maybe, then, we can see that we are living them, at this very moment." - Epic Beard
